**DETAILED ACTION**

***Election/Restrictions***

1. Claims 1-8 are allowable. The restriction requirement of claim 9, as set forth in the Office action mailed on June 2, 2009, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 9, directed to a blood purifier is no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance: Applicants' arguments in the amendment of January 8, 2009, and adopted herein have been found to be persuasive to overcome the prior art rejection over Kawata et al, 5,340,480. In addition, there is no known prior art of record that teaches or suggests the present
